# Turkey Chili

A new twist on an old favourite!

*Turkey Chili is where it's at!* This new twist on an old favourite is a hit with everyone who tastes it. It provides wonderful taste and aroma and is very visually appealing. Spiced just right, to suit most taste profiles, customers can add more heat if desired.

**The nutritional benefits** of this product are outlined below. It is a great tasting product that is also low in fat, low in sodium, high in fibre and high in protein.

## *Does it get any better?*

**Chili is a winter warm up favourite**, but also great served on nachos. You can dress up your chili adding a dollop of sour cream and shredded cheddar cheese on top. Another serving suggestion is to serve in a hollowed-out bread bowl.

**No fuss, no muss – just heat and serve!** A variety of convenient packaging formats are available. Just contact us for full details.
